# Bathroom Installation

Our bathroom re-furbishment team have completed hundreds of new bathroom installations and refurbishments throughout Liverpool & Merseyside.

We can visit you property free of charge and discuss your requirements and personal design preferences.

We also offer a bathroom design service in which you can visualise your future bathroom in HD photographs.

# HD Computer Design (CAD)

# Complete Service

- Plumbing
- Electrical
- Tiling
- Plastering
- Joinery

We offer the complete bathroom installation package avoiding you sourcing multiple trades.

# TESTIMONIALS

*"I recently had the pleasure of employing James Foy Plumbing in the redesign of our shower room. Jimmy immediately struck up the kind of working relationship I had always hoped to find in a construction outfit - he took on my design ideas and applied his own excellent experience to provide an honest, well-priced and incredibly professional service. The quality of the finished shower room is outstanding. He and his team were polite, friendly and tidy - I'm already looking for the next project on which to collaborate with them and recommending them heartily to anyone who dares to ask. Thanks Jimmy and co. (and thanks for the chippy lunch!)"*

Owen Williams

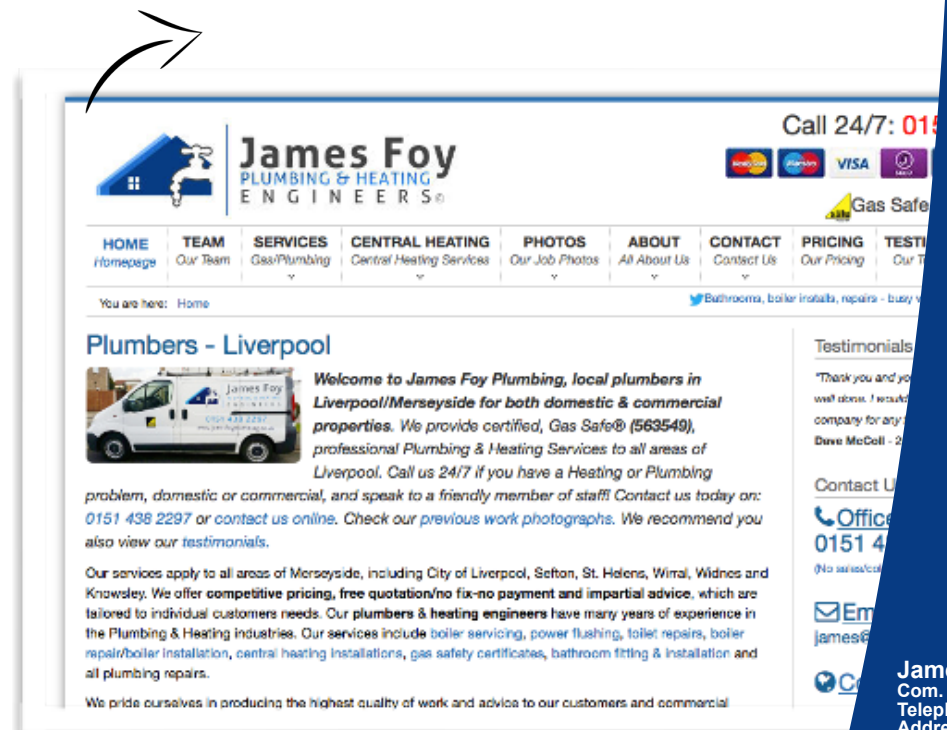

*"Recently had my bathroom refurbished and completely retiled by James Foy Plumbing. We were offered great advice from the beginning to the end, service and standards were 100% . Professional friendly and polite service provided. James Foy Plumbing go that extra mile and made the whole process stress free, which is very rare these days. Would highly recommend."*

Debbie Moorecombe

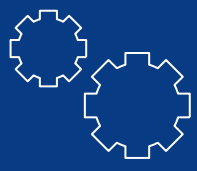

*"I have recently had my bathroom completely refurnished by J Foy Plumbing and was more than pleased with the overall service and would like to say a big thank you."*

# FREE QUOTATION

We offer free quotation for your new bathroom installation of improvements.

# FINANCE AVAILABLE

We offer finance to our customers. We will deal with all the paperwork and the finance application process.

# LABOUR ONLY

We also offer a labour only service. We usually recommend this method in which a customer sources their own bathroom with our help and guidance. We can talk you to showrooms and receive our trade discount.

# VISIT OTHER BATHROOMS

We have excellent relationships with previous customers. If you would like to see a previous bathroom we have completed, just ask!

# FLEXIBLE PAYMENT TERMS

We never accept the full balance up front. We usually take three payments over the course of the project with the last payment being due once all works are completed. We also offer finance on our bathrooms installation services.

# CERTIFIED ENGINEERS

Our plumbers are certified and all gas engineers are Gas Safe. We also also TrustMark endorsed to Government standards. We offer 12 months guarantee on our workmanship.

# CERTIFIED TRADESMEN

Our tradesmen, including plasterers & tilers are time served. They have decades of combined experience.
